TAC Security's July Client Surge: 250 New Wins from 34 Countries Accelerate Global Expansion Plans

- *In 34 Countries With 250 New Clients in July, TAC Security Strengthens Its Position to Become the World's Largest Vulnerability Management Provider by 2026.*

- *TARGETS TO ACHIEVE 3,000 CUSTOMERS BY MARCH 2025 and 10,000 BY MARCH 2026*

Date: August 18, 2024 **Mumbai, India** – TAC Security, a global leader in cybersecurity solutions, proudly announces the acquisition of 250 new customers in July 2024, comparative to 590 new clients for Q1 FY25. This remarkable achievement reflects the company's expanding influence across 34 countries and underscores its commitment to delivering top-tier cybersecurity solutions worldwide.

Among the newly acquired customers are major global brands such as **Western Digital** from the US, **QNAP Systems** from Taiwan, **Bloomfire** from the US, **Cars24 Services Private Limited** from India, **UseDesk&bots OÜ** from Estonia, **Savvas Learning Company - K12 Learning Solution** from the US, **Japan AI Inc** from Japan, **ShenzhenKTC Technology Co., Ltd.** from China, and **NINJIO** from the US, a leader in cybersecurity awareness training.

The United States led the customer acquisition numbers with 149 new clients, followed by India with 20, and the United Kingdom with 17. The broad geographic spread of new clients, including Australia, France, Japan, Germany, South Korea, Canada, the Netherlands, and Singapore, highlights TAC Security's global reach and growing market presence.

Looking ahead, TAC Security is poised to build on this momentum by strategically upselling additional products and services to its newly acquired clients. This approach will ensure that these organizations receive comprehensive cybersecurity solutions that not only meet but exceed industry standards.

In line with its long-term vision, TAC Security remains steadfast in its goal to become the world's largest vulnerability management company by March 2026. The company has set ambitious targets to acquire 10,000 customers globally by this date, with a near-term objective of securing 3,000 new clients by March 2025. These targets are supported by TAC Security's relentless focus on innovation and delivering best-in-class cybersecurity solutions.

*"**Trishneet Arora, Founder, Chairman and CEO of TAC Security**, expressed his enthusiasm about the company's forward trajectory; Our robust customer acquisition numbers for July and Q1 FY25 are a testament to the trust and confidence that global organizations place in TAC Security. We are excited about the future and are committed to scaling our operations to meet the growing demand for top-notch cybersecurity solutions worldwide."*

As TAC Security continues to grow, it remains dedicated to safeguarding its clients against the ever-evolving landscape of cyber threats, ensuring their digital assets are secure and resilient.

TAC Security reported a striking 93.81% increase in revenue and a 94.45% surge in profit compared to the previous quarter, mainly due to an increase in customer base and on-going global market expansion

TAC Security has expanded its client base to 590, a staggering 1744% increase from the same quarter in the previous fiscal year. This growth is complemented by the company's expansion into 55 countries, up from 22 just one quarter ago.
